Able-Stik labels are mounted on strong, continuous carrier, manufactured to rigid tolerances to operate over the most sophisticated high speed printers in use. Permanent adhesive.

Illustrated are four of our most popular stock pinfeed labels. Twenty-four additional sizes are available for immediate shipment. See list below.

ALL FOUR ILLUSTRATED LABELS AVAILABLE IN
MULTI-WEB STYLE FOR MULTIPLE LABEL PRODUCTION
BY COMPUTER PROGRAMMING OR SPLIT-WIRING.

In stock, same prices as single labels:

No. 15-25 double, triple, quad

No. P-35 double, triple No. P-40 double, triple

No. P-50 double

MARK 20 ELECTRIC DISPENSER \$275.00

Newest, most versatile dispenser for continuous pressure-sensitive labels. Handles up to 13" carrier width; labels can be multi-web style (any number across). Labels issued at touch of button or foot switch, with positive one-at-a-time feature. Operating speed: 10 ft. per minute. Weight: 12 pounds; Operates on 120 volts, AC.

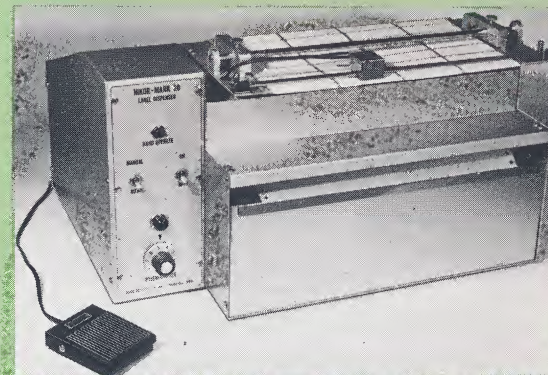

Sizes listed
available for
immediate
shipment.

Only Able-Labels are manufactured to match the standards of Data Processing Precision equipment, and are backed by the only performance guarantee in the industry.

Same day shipment from six warehouse locations: New York; Chicago, Cleveland, Los Angeles, Dallas, Charlotte, N. C. F.O.B. nearest shipping point.

EXCLUSIVE ABLE-STIK® FEATURES

No missing labels — No variations — No breaks — Jumbo pack means less down time — Non-smudge paper — No curl, always lie flat — Precision punched and perforated — Refold automatically — Superior packing guarantees perfect operating conditions.

able-stik® File Folder Labels

7 color stripes
for efficient coding

For File Folders, for marking drawers, cabinet shelves, bins, desk trays, other office equipment and documents.

ILLUSTRATED ACTUAL SIZE (3½"x5½")

Solid color stripe across the top edge, as illustrated,
available in the following colors:

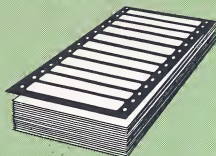

Red, Orange, Brown, Yellow, Green, Blue, Purple, Blank White.

AVAILABLE IN 3 STYLES

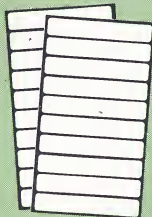

1. PINFEED (Style FRP)

Flat-pack, marginally punched, spaced to operate over all pinfeed devices at full machine speed. Labels Spaced ¼" apart to be compatible with machine spacing. Packed 5000 of one color to box.

FLAT PAK STYLE FOR EASY
FEEDING AND FOLDING.

CONVENIENT STRIPS

2. JUMBO PAK (Style FRA)

Flat pack, 1000 to pack, non-pinfeed spaced to fit typewriter operation. No feeding device needed.

3. JUNIOR PAK (Style FRB)

31 strips of 8-on labels, totaling 248, in dispensing envelope. One color to package.

able-stik® Pinfeed Label Exclusives

1. Aluminum foil labels for permanent identification. Print-out on high speed printers results in embedding variable data in .002 solid aluminum. Easily applied because of pressure-sensitive backing.

2. Lapel-Stik labels for personal identification at group meetings and conventions. Printed on rayon satin with special adhesive non-injurious to apparel. Available with marginal punching.

3. Multi-web labels available for immediate shipment offer considerable savings in machine time, permitting the creation of two, three or more different labels in a series of machine cycles. All high speed printers can print out several labels mounted across the carrier.

4. Able-Tint labels for color coding—three sizes available for immediate delivery in your choice of pastel Blue, Green, Yellow or Pink. Upcharge: 25%.

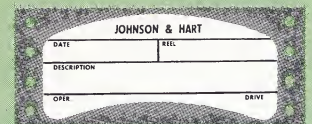

5. Clear-Stik labels—Made of acetate with a matte surface. Ideal for retaining sharp image imprint of data processing machines. Offers the speed and efficiency of pinfeed pressure-sensitive labeling, without the obvious "label look."

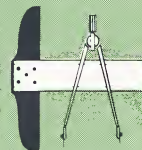

6. Perf-A-Slit—A specially constructed label designed for use where flexibility is desired in posting only sections of the label printed with machine entries. Each label can be used in its entirety or in segments.

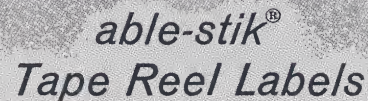

7. Imprinting — All Able-Stik® stock pinfeed labels can be imprinted with any copy and delivered within ten days' time.

8. Custom design facilities — Labels can be supplied in any size or construction, printed or blank, quickly and economically. On special requirements, let us develop a label to fit your program.

(EASY-PEEL)

The most efficient label
for tape reel identification

An unusual combination of paper and adhesive, specially developed for frequent re-labeling of the same surface. Peels off easily and cleanly in one piece without tearing.

EASY-PEEL ADVANTAGES

EASY-PEEL, the latex impregnated stock especially developed for magnetic tape reels and other computer hardware. Labels stay put on spinning reels, but come off cleanly in one piece without tearing, when re-labeling is required. The unique combination of paper and adhesive assures easy removal and minimum residue. Pin-feed labels can be filled in on printer.

EASY-PEEL meets the specialized requirements of every kind of magnetic storage: tape reels, disc packs, and all other units whether plastic or metal. Far surpasses ordinary "removable" adhesive.

All prices per M labels — F.O.B. nearest shipping point.

No. MP-65 Pressure-Sensitive Label Sheet

[illegible]

Works satisfactorily with the following duplicating machines: A. B. Dick, Ditto, Gestetner, Roneo, Olivetti, Underwood.

Construction — 33 labels — each measuring 1" x 2¾" on a sheet 8½" x 11". Processed for easy detachment from the backing sheet through surface slits.

Suggested Usage for Updating, Correcting & General Office Use: Ideal for processing by handwritten fill-in, typewriter, or Duplicating Machines.

Paper characteristics: Special smudge-proof paper surface, and adhesive formula suitable for use on Spirit Duplicating Machines without any paper or adhesive breakdown.

able-stik[®] ***Color Coding Labels***

Color Coding is frequently employed to denote a category, a signal, or part of a system.

1. Label Nos. P-35, P-40, P-50, illustrated on the pinfeed label page are available in the following pastel colors: Blue, Green, Yellow or Pink. These labels are produced on special pulp-dyed paper, and the absence of surface ink preserves the smudge-proof characteristics of our product. Packed 5M of a color to a box.

2. Stripes or Symbols—Any of our stock pinfeed labels can be imprinted with stripes or symbols to denote a signal for any specific purpose.

Many organizations use auxiliary labels for color coding. Able-Stik[®] has developed a line of self-stick "Dottos", Square and Circles, in a variety of colors described and outlined below.

Also available are Color Tabs. Similar to the above in construction, but processed on a special paper and adhesive that permits easy removability once the system function has been performed.

Both Color Tabs and Dottos are frequently used in inventory control coding, record keeping, and for many other purposes.

PRESSURE-SENSITIVE DOTTOS FOR COLOR CODING

The fastest, easiest, least expensive way to color code. Eliminate errors . . . reduce waste motion and extra labor. Save needless expense with Self-Stik Dottos. Just peel and press . . . your forms are automatically identifiable . . . easy to relate object-to-object, object-to-storage, unit-to-unit, etc.

Supplied in convenient sheets, packed 1,000 to package. Square or Round. Colors: Red, Blue, Green, Yellow, White.
